HISTORICAL SITE FALLS IN PROGRESS' SWEEP

One of the last remaining buildings that constituted the early village of St. Albert has now been torn down. A two-storey frame house, located behind Perron's Store, on St. Anne Street, is no more. Certainly, it was no object for civic pride. In the past couple of decades it had fallen into disrepair. Its present day status 'a fire hazard'. However, a few St. Albertans remember a better day for this building. Built about 1890, with a hardware store its intended purpose, it is probably one of

the oldest buildings in town.

Mrs. Walter Veness, mother of our mayor, came to St. Albert in 1894. Then, Rose Anna Leonard, eldest daughter of Joseph Leonard, her first home was this house on St. Anne Street.

She recalls moving in on January 9th, 1894. At this time, both the post office and telephone were located at the Mission. On March 18, 1894, her home officially became the post office for the district. She recalls in spring thaw times actually using a shovel to remove the clumps of mud tracked in by

pioneers, who came from miles around for their mail!

Later in '94, this house was also the telephone office.

Mrs. Veness lived there until she married in 1908. It remained her father's property until his death in 1925. She inherited it and sold it only some 15 to 20 years ago.

Mrs. Veness, now 90 years young, has resided in St. Albert nearly 70 years. She remembers many good times in her first home here, but feels the old must make way for the new!

80%

October 16th is a very important day for all the citizens of St. Albert. It is the day that all of us have the responsibility to cast our votes for Council and School Boards, the three governing bodies concerning all of us.

Each year a larger percentage of voters have gone to the polls and we hope that this time another record will be reached. So many of us have asked, made suggestions, or even complained regarding the general civic policy in our town, which shows a healthy interest. But unless you vote on October 16th, all those suggestions and complaints are valueless. The future of our town in so many fields, is in the hands of YOU! It will only take a half hour at the most on October 16th to vote for those candidates that you think will be the best for our town. Let's try for an 80% turnout and show the rest of Alberta that St. Albert's citizens know their democratic rights and duties!

On Page 4 of this issue you will find, with a complete list of all the candidates, When, Where and If you are eligible to vote. We hope that this service will help St. Albert to have a good election day.

COMMUNITY LEAGUE GRATEFUL FOR LANDSCAPING

Extensive outside improvements have recently been undertaken at the St. Albert Community Hall. Members and non-members alike have given extensively with time and equipment to landscape the lot in front of the hall on Piron Street. This work would have constituted a large outlay of money if it weren't for the generous help given by firms and individuals in town.

The Board of Directors of the League wish to acknowledge these donations and give heartfelt thanks to the following: Town of St. Albert - equipment, seeds

and shrubs; Engineered Homes - materials and labour for back door landing; Brewster Construction - equipment, labour, earth moving; OK Construction - concrete for sidewalk; Perron's Store - concrete for paving; St. Albert Hardware - paint for new landing; Gaston Bourgois - materials and labour for paving; Guy Voyer - material and installation of window well and drainpipe; Andy Kampen - labour repairing exit door; other labour as follows donated by individuals (no charge to Town or League): Town of St. Albert Parks Dept., Andre Gate, Superintendent,

Irene and Simone LaFranchise boarding their ship, the Nieuw Amsterdam.

Irene and Simone LaFranchise have recently returned from a three month European vacation. They visited a dozen countries and were impressed by the warm reception given them everywhere they went. This is apparently a typical European attitude to Canadian tourists. The girls chose Switzerland as the beauty spot of Europe; scenery that is not to be seen anywhere else. In Rome, they were impressed by the well-preserved historic remains. Whereas in London, many otherwise beautiful historic sites were defaced and unkempt. For good food, particularly meats, the girls chose Germany. Worth noting, many of our finest Canadian chefs were German-born. Paris, fashion capitol of the world, was a little disappointing. The high fashions seemed reserved for evening wear. The street wear was not as stylish as here at home. (There's a feather in the cap for Canadian women!) Stockholm, Sweden, proved a fashion surprise. The girls claim this city has the most fashionably dressed women in Europe! The Riviera, especially Spanish and Italian sides, was magnificent! Irene said it was like stepping into a warm tub bath - a far cry from a plunge into our 'cool' Canadian lakes. Shopping in Europe was as enjoyable as it ever is to women, only more so. Denmark has good buys in furs; Italy for gloves and other leather goods; and the British Isles for woolens. While abroad, the LaFranchise sisters managed very well language-wise, with most Europeans speaking either French or English. They hope to return to Europe and perhaps include the Orient on their next excursion. We hope so too - only take us along!

KNIGHTS OF COLUMBUS NEWS

At the September 26th general meeting, Fr. J. Hague was the special guest. Fr. Hague showed a film and discussed the benefits and problems which would accrue from our plan to hold a religious vocations weekend, planned for the spring in St. Albert.

Another event discussed was the forthcoming Turkey Shoot, to be held Saturday October 12th. This is a good opportunity for hunters to sharpen up their eye, as well as a chance to win a turkey for Thanksgiving. Location for this event is on the Mission land just off Highway #2, below North Hill. There will be separate events for shotgun and 22 rifle. We will supply the shells, all you need is a 12 gauge shotgun or a 22 rifle (no peep or telescopic sights please). A refreshment booth will be in operation. Starting time 10:00 o'clock.

Also on October 12th, the Columbus Club will hold a banquet and dance in the Community Hall.

MIXED CURLING

Saturday night mixed curling was so popular last year that the curlers have again taken the ice for Saturday night for the coming season.

Anyone interested in mixed curling on Friday night please call Mrs. S. Holman, 599-7328, after 6 any night.

ALEX SOLLANYCH

Over four years ago, Alex Sollanych, his wife and daughter chose to move to St. Albert, where under "New Town" administration our Town was progressing at a rate which was the envy of many communities throughout the country.

Immediately he became involved in community affairs by helping in organising and operating a school bus from Grandin Park to Vital Grandin and Sir Alexander Mackenzie Schools. The next year bus service was extended to Mission Park and Sturgeon Heights areas as well.

Through attending School Board and Council meetings, he has become aware of the various problems and how they have been handled.

Seriously concerned over the reversion from "New Town" to "Town" status without reference to the voters, and over the Mayor and Councillors elected at that time, through inexperience or other reasons known only to themselves, unwisely allowing the Chief Administrator to resign, he has agreed to devote his time, experience and ability to our interests.

20% INCREASE IN TAXES WHY?

Our taxes have just been increased approximately 20%. The following comparison of 1962 and 1963 budgets readily shows where the increase has been made:

	1962	1963
Education	29 Mills	30.284 Mills
Health	4 Mills	3.191 Mills
Municipal	12 Mills	21.525 Mills

If your property is assessed at \$5,000.00 this represents an increase in taxes of \$47.62 for Municipal services. NO EXTRA SERVICES, JUST EXTRA COST.

DEVELOPMENT SLOWDOWN - WHY?

The failure of the present Council to encourage industrial and residential development and follow the recommendations of the Municipal Affairs Inspector's report: "That the Town immediately vacate the field of municipal construction in favour of this work being undertaken by private contractors" has resulted in the tax burden being heaped on present ratepayers without the additional revenue and sharing of the load that would accompany consistent development.

HIGH WATER RATES - WHY?

Water rates are related to development and cannot be reduced until the Town's population has increased to use the system to its designed capacity. Why, after 5 years of gradual decrease, should the deficit take an upward turn? And this in spite of increased revenue.

PARKLAND & RECREATION PROGRAMME - WHY NOT?

The failure to make a concrete policy regarding the allocation of land dedicated for school and park use has resulted in added expense to the School Boards, delay in park and recreation facilities and hostility by many residents, particularly those in the immediate vicinity of these sites. Plans have not materialised for a swimming pool, nor has the Provincial Government Recreation Grant of \$22,000. been put to use. We have only until December then the Grant is lost. Why the delay in the decision?

RS' ASSOCIATION

EXCESSIVE USE OF PROFESSIONAL SERVICES - WHY?

The constant referral of Town business to professional consultants is shown in the increasing costs of administration. Cannot the Town in the main conduct its own affairs as it did before the present Council took office?

POOR REPUTATION OF THE TOWN - WHY?

The poor public relations policies of the present Council toward the press, other administrative bodies and the public at large have given the Town of St. Albert an unfavourable reputation in many circles.

TOWN ENGINEER - WHEN?

The Municipal Affairs Inspectors Report of May 1st 1963 with "no insinuation and no criticism of individuals involved" recommended that the appointment of a member of the Town's Consulting Engineers as Town Engineer - then seven months in effect - "be terminated". Another four months later this recommendation has not been carried out. Why?

THE CANDIDATES

GORDON PARKES and ALEX SOLLANYCH will ensure :

1. Sound administrative procedures.
2. The return of Council to its rightful role as a policy making body primarily, with executive duties carried out by employees.
3. The establishment of firm policies for the use of dedicated lands.
4. The provision of an adequate framework of policy within which the Recreation Board can act with autonomy.
5. The conduct of public business at public meetings.
6. The encouragement of residential, commercial and industrial development.
7. The re-establishment of confidence in St. Albert through positive public relations policies.

GORDON PARKES

To ensure himself and those he represents of the necessary objectivity for the task, Gordon Parkes has already instructed his solicitor that if Gordon is elected, he is to sever all connections between his development company and subdivisional development plans in the Town of St. Albert. He has further voluntarily assured the members of this Association that his company will undertake no contracts within the Town of St. Albert during his tenure of office, other than of a general construction nature. With the knowledge and experience gained as Secretary Manager of the Town during the constructive years of its development, this personal sacrifice is an added attribute which makes him highly qualified to serve as a member of the Council.

FIRE PREVENTION WEEK

Fire Prevention Week, October 6 - 12, is the end of last year's Fire Prevention and time to start again. This is the time to do away with all the excess trash and get the heating units cleaned and serviced for the winter that is fast approaching. The time is also here when you start storing your lawn mowers and outboard motors, etc., away for the winter. If you must put these items in the basement because of no garage or storage shed, make sure you drain all the gasoline out. Don't store any gasoline in the house or basement at any time. It's better to be safe than sorry. Thanks to the citizens of St. Albert, our fire loss is way down from the previous year. 90% of our fire calls so far this year were caused by carelessness or negligence. This can be remedied very easily if you co-operate by practising fire prevention in your home. Once again the Fire Department is going to carry out the home inspection programme. This is done to help you locate any fire hazards that exist. So when

the boys call, invite them in. They are there for your benefit. If there is anything that you are not too sure of, don't hesitate to call the Fire Chief during the day at 599-6601, or after hours at 599-6815. We are always ready to help you to prevent fires. STURGEON HEALTH UNIT

During the previous week, 27 births and 3 deaths were reported to the Sturgeon Health Unit. During the same period 4 cases of Rubella were also reported.

In June of 1962, the citizens of St. Albert elected me to represent them on the council of the Town of St. Albert. To these same people and the new residents of our town, I am once again asking your permission to allow me to help conduct the town affairs as your representative.

Since moving to St. Albert 5 years ago, I have taken an active part in community affairs as a member of the Lions Club. Being the father of four children, I realize the necessity of a good recreation program for our town and it was indeed a pleasure to serve on our newly appointed Recreation Board.

I am thanking the St. Albert Gazette for the opportunity of introducing myself.

STURGEON HEALTH UNIT

As more families move to St. Albert, more babies and young children become eligible for the services provided by the Sturgeon health Unit. In order to be available for many families, who have found difficulty in attending our regular clinic at the regular times, it has been decided to hold an evening clinic on the FIRST THURSDAY of every month, from 6 p.m. to 8 p.m.

This evening clinic has been arranged to accommodate those families who have found it impossible to attend with their babies and young children during the day. The staff of the Sturgeon Health Unit hope that you, as parents, will use this service, and if you have been attending at another clinic because you were unable to attend here before 6 p.m., that

you will find that this extra clinic with extension of the time to 8 p.m. will be of benefit to you. The main office of the Sturgeon Health Unit is located at 14 Piron Street, in St. Albert and the immunization and well baby clinic is held there every Thursday.

Please take note of the new times of this clinic, effective from October 1st: Every Thursday 8:30 a.m. to 12 noon
1:00 p.m. to 5:00 p.m.
First Thursday of every month,
8:30 a.m. to 12 noon
1:00 p.m. to 5:00 p.m.
6:00 p.m. to 8:00 p.m.

DICK FOWLER

I am very pleased to be given this opportunity by the Publisher of the St. Albert Gazette to introduce myself to the electors of St. Albert.

It has been my pleasure to live in St. Albert for close to six years and during this period have been most interested in the welfare of the town as a whole. I have served on the executive of the local Lions Club, and was appointed chairman of the St. Albert Squadron of the Royal Canadian Air Cadets for two years, and am presently Assistant Provincial Commissioner of the Boy Scouts of Canada for Northern Alberta and the Mackenzie Region.

I have been employed in sales for the past eight years, with a leading international manufacturer of heating and air conditioning products and hold the position of Alberta Sales Manager. As a married man with four children, the continuing progress of St. Albert is most important to me.

The Heart is Highland The rugged qualities of the ancient highlands of Scotland are presented with a brief geological background, historic facts and natural resources.

Plastics

The film shows how plastics are made beginning in the laboratory and ending with the production of the common button.

Oxford Scenes of typical university activities provide a brief survey of life at Oxford.

I am co-owner of Central Western Air Freight, the freight handling agency for Pacific Western Airlines. I also operate F. A. Waltz Travel Agency, which operates out of Fort Smith, N.W.T., and concentrates on arranging travel to and from the north.

I was born in Vancouver where I completed high school and attended the University of British Columbia, concentrating on Business Administration.

I moved to Edmonton in 1959 to start my own business and came to St. Albert 2 years ago. I am married and have one daughter.

I am running as an independent in the election because I feel it is important to have Town Council run on a business like basis by councillors with no self-interest or political affiliation.

Dennis W. Heffring

Fellow Electors,

I am seeking re-election after serving four years as a member of the St. Albert Protestant Separate School Board. For information of the newcomers to St. Albert, I am a medical doctor and have been resident here since 1945. One of my children is attending Paul Kane High School. Previous to graduation in medicine I taught school for 8 years and have always taken keen interest in Education. Since becoming a Board member I have acted in various capacities, serving as chairman of Finance Committee, chairman of Education Committee, representative to the Recreation Board, representative on the Special Education Committee and on committees to meet with the Department of Education officials for the purpose of acquiring additional building accommodation for our children. I have seen our school grow from 108 children and 7 teachers housed in the church basement in 1958, to the present 50 teachers and approximately eleven

hundred children. The Board of which I am a member has tried to provide adequate school accommodation and secure the best of teachers. We have insisted on high standards of deportment in the pupils of our schools.

The present Board has already initiated proceedings to build additional 18 rooms in the Grandin Park area and 8 rooms in Sturgeon Heights. This will give a complete Elementary and Junior High setup on both sides of the #2 Highway and limit bus transportation mainly to High School students. It is also hoped to provide pre-employment classes for those students who find it impossible to get their grade nine standing. This would thus better prepare these children for future employment.

Before ending this appeal to the electorate, I would like to say that I have taken part in many activities in this town where I could be of help. Some of these are the Town Council (for 9 years) Chamber of Commerce, Community League, Lions Club, Church and YMCA. I have either held, or hold, an executive position in each of them. During the last two summers, I helped to arrange for swimming lessons for all children who wished and could participate. At present I am chairman of the St. Albert YMCA, an organization contributing to recreation and training of our youngsters. My wife and son helped with instruction without remuneration. To conclude, a lot has been accomplished but much more remains to be done. I would like the opportunity to continue striving for the best possible school

system for St. Albert, keeping in mind that your dollar and mine should be well spent.

I have endeavoured to acquaint the electorate with my experience, interest and past performance in community and school affairs. I am offering my continued services on the school board for the ensuing term. If I merit your support, your vote, on October 16, would be appreciated.

PAUL KANE HIGH SCHOOL OFFICIAL OPENING

It has been announced that the Minister of Education, Honourable A. O. Aalborg will be the Guest of Honour at the official opening of the Paul Kane High School. The ceremonies will commence at 6 p.m. on Tuesday, October 8th, 1963. This new type of structure has aroused much curiosity among St. Albert residents. We have heard that this is "The New Look" in school buildings, that it is flexible in design and has been built around the curriculum. For these reasons we are sure that many parents and residents will accept the School Board's invitation to attend this official opening.

ST. ALBERT BRIDGE CLUB

A general meeting of the St. Albert Duplicate Bridge Club was held Sunday evening, September 29, 1963 in the basement of the Community Hall. Nineteen members were present.

A mutual agreement was reached regarding the rent of the hall from the Community Club.

New playing cards, metal duplicate bridge boards are to be ordered for the new season and bridge tables came under consideration.

It was decided that a special effort be made to encourage all Bridge players in the district to come out any Sunday evening and enjoy a game with us. Anyone wishing to come and not having a partner must call Mrs. S. Holman, 599-7328, before 6 p.m. Sunday evening on the night they plan to come. Please come out and spend an enjoyable bridge evening and meet your neighbours. Mrs. Suter and Mr. Boulter are in charge of the Membership Committee.

Play will start, commencing Sunday October 5th at 7:30 p.m. sharp, this will enable the members to be home by 11 p.m. as they so desired.

The annual election of officers will take place the 2nd Sunday in January. This was passed at the meeting. The Executive will act as a Constitution

Committee and may select their own advisors. The list of proposed Constitutions will be brought up for approval at the annual election night.

Miniature trophies will be given the winners of Club Championships for returnable annual trophies.

Mr. King and Mr. Dalphond moved the meeting adjourn and all settled down to an interesting ten boards.

Winners for the evening were:
